

Industrial trackballs

TB-38-CU

TB-38-BU

TB-38-SU

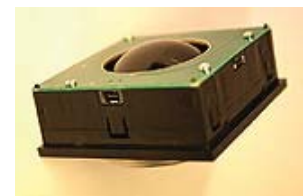

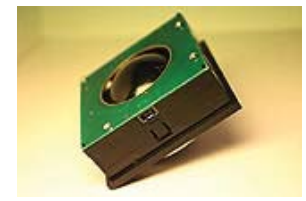

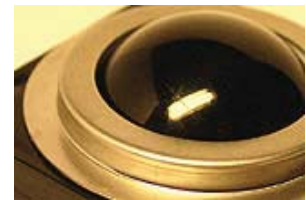

Complete module with front-plate in Stainless Steel .

Technical Data:
Trackball Diameter: 38 mm
Ball Material: Plastic / Stainless-Steel
Number of Keys: 2
Key Strokes: 3.0 N / 0.4 mm / Tactile feel
Sealing: IP65 (static) / shock proofed
Connectivity: USB / PS/2 (optional)
Connector: Mini USB - USB A
Operating Temperature: 0° to +55° C
Storage Temperature: -20° to +70° C

Module with mouse buttons for integration in existing frontplates
